

CORPORATE PRESENTATION

SEPTEMBER 2021

“THE BEGININ”

About us

- ▶ **Junior Private Mining Company focused on acquisition and development of advanced exploration projects and properties containing past producing assets with potential for resources expansion and properties with mining operations which require optimization.**
- ▶ **Mannu Mining team brings up over 60 years of mining experience besides 90 years of engineering and business experience.**

Vision

- ▶ Adding value to undeveloped or underdeveloped mining properties.
- ▶ Developing our operations using world-class health and safety, environmental and social standards.
- ▶ Growing to become a publicly junior traded producer in 5 years.
- ▶ Always striving to improve our operational efficiency.

Mission

- ▶ Locating, acquiring and developing mining properties in Latin America in stable jurisdictions with the potential for staged growth and reserve addition.

Projects

Our projects and properties will meet the following criteria:

- ▶ Existing operations with potential for staged growth or efficiency improvement.
- ▶ Mines with historical production but which are currently closed or worked only at an artisanal level.
- ▶ Intermediate to advanced stage development properties that show potential and need and investment to be taken to the next level of development in the short term.

As we are identifying properties that meet these criteria, we are:

- ▶ Negotiating operation agreements, joint ventures or option agreements.
- ▶ Raising private and public capital to fund development and growth.

Our Team

MANNU

MANNU

President & CEO

Jim Bannantine

A multi-industry CEO/President with success in startup, growth, mergers and turnaround situations.

Has served as CEO for Great Panther Silver, Aura Minerals, Broadwing Corp. and Enron South America, as well as Managing Partner on Atlantic Capital Group.

Strong record in Latin America in operations, finance, engineering, technology, sales and marketing in mining, telecom, energy and structured finance.

Holds an MBA from the Wharton School of Business and degree in Mechanical Engineering from the US Military Academy at West Point.

Jim Speaks English, Spanish and Portuguese.

Chief Operating Officer (COO)

Monty Reed

Over 40 years of success in exploration, engineering, mining, maintenance operations, startups and project development.

Seasoned General Manager in socially challenging jurisdictions.

Experienced Country Manager dealing with all levels of government agencies.

Has held mid and senior management roles in USA, Venezuela, Chile, Suriname, Italy, Mexico, Honduras, Colombia and Brazil.

Holds a degree in geology from the University of Colorado

Monty Speaks English, Spanish, Italian and Portuguese

Vice President, Business Development

Vinícius Furquim

Brazilian entrepreneur and successful dealing maker.

Vantage Diamonds CEO, a company he acquired in 2015.

The acquisition and development of diamond operations required difficult deals with landowners, local residents and artisanal miners.

In 2019 he led the process of acquiring royalties from NEXA Resources Polymetallic Project in Aripauanã.

Also owns port facilities which support strategic partners in a growing frontier market of agriculture fertilizers and limestone products in Para State.

Sustainability

Mannu Mining is committed to principles and practices of:

- ▶ Health and safety from people affected by its operations
- ▶ Sustainable development
- ▶ Environment protection
- ▶ And broad corporate & social responsibility
